"As a multidisciplinary creative with over 11 years of experience, I specialize in producing impactful visual communications across print, digital, and photography. My work spans everything from trade show collateral and small business branding to high-level corporate marketing campaigns. Whether supporting daily operations or major conferences, I bring a refined eye for design and a deep understanding of Adobe Creative Suite to every project.

My design portfolio includes collaborations with nonprofits to develop brand materials aligned with their mission, as well as recent contract work with a global pharmaceutical company. There, I played a key role in delivering marketing assets for a high-profile conference sponsored by leading pharmacy agencies — ensuring all materials adhered to the latest rebranding guidelines.

SWINGMAGAZINES.COM

In the HVAC industry, I've spent eight years honing my skills in packaging design and development, refreshing legacy materials and creating cohesive trade show experiences through brochures, booth graphics, and sales tools. I also led a full-scale rebrand for a South Carolina-based company, revamping their visual identity across all platforms.

Most recently, I served as lead designer for a national conference, managing all visual outputs including large-scale signage, directional materials, and session spec sheets.

In addition to design, I bring a strong background in commercial and editorial photography. The work showcased at Style Studio ATL highlights my focus on polished, professional imagery — from executive headshots to styled marketing photos. Each image is thoughtfully composed and retouched with attention to color accuracy, blemish correction, and clean backgrounds, offering clients dynamic visuals that elevate their brand presence.

I'm passionate about helping brands tell their story through cohesive, visually compelling experiences — from the first concept sketch to the final presentation."

 DESIGNER: TRAPLIFE @17TRAPLIFE

My name is Latrice (@triceee.x), and I'm a model and business major with a love for all things creative and soulful. When I'm not studying or working in front of the camera, you'll probably find me painting, traveling, trying new foods, or curating looks that reflect my love for fashion. I'm all about good vibes—I've got a pretty cool personality (if I do say so myself) and I love making people laugh. Family and faith are at the center of my life, and my Instagram is a space where I share my journey, my passions, and a little bit of joy along the way.

A woman with long brown hair is posing on a bridge with a rusty metal railing. She is wearing a black halter-neck bikini top with thin green straps and high-waisted, distressed denim shorts. She is leaning against the railing with her right arm and looking towards the camera. The background shows a river and green trees under a clear sky.
